

Activity Sheet

No. 16

• Read the narrative below.

Five planes will write a word in the sky. They will fly high. In time, the word will be wide but not faint. It might fade if the light is too bright. It is right to smile if you see this sight in the sky.
At night they will try to fly again. This time the lights will help them to see. But a slight fog could stop the flight. If that happens, the next day the men will be flying kites on the slope of the hill. They will lie on their backs and eat while they fly their kites.

• Write the words from the story that fit into these columns.

ie	i -e	igh	y

• Circle the Nouns in the story.

• Put a red box around the 2 plural nouns in these questions. Then answer the questions.

1. How many planes will fly in the sky?
2. What will make the word fade?
3. What could stop the night flight?
4. Where might they fly their kites on the next day?
